Section 4 First aid measures

4.1 Description of first aid measures:

Inhalation: If fumes, aerosols or combustion products are inhaled, removed from contaminated area. Other measures are usually unnecessary

Skin contact: If skin contact occurs, immediately remove all contaminated clothing, including footwear. Flush Skin and hair with running water (and soap if available). Seek medical attention in event of irritation.

Eyes contact: If this product comes in contact with eyes, immediately hold eyelids apart and flush the eye continuously with running water. Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the eyelids by occasionally lifting the upper and lower lids. Continue flushing until advised to stop by the Poisons information Center of a doctor, or for at least

15 minutes. Transport To hospital or doctor without delay. Removal of contact lenses after an eye injury should only undertaken by skilled personnel.

Ingestion: Immediately give a glass of water. First aid is not generally required. If in doubt, contact a poisons information center or a doctor

4.2 Most important symptoms and effects, both acute and delayed:

See Section 11

4.3 Indication of any immediate medical attention and special treatment needed:

Treat symptomatically

Section 5 Fire-Fighting measures

5.1 Extinguishing media: Foam

Dry chemical powder

5.2 Special hazards arising from the substance or mixture Fire Incompatibility: Avoid contamination with oxidizing i.e. nitrates, oxidizing acids, chlorine bleaches, pool chlorine etc. as ignition may result

5.3 Advice for fire-fighters: Fire-fighters: Alert fire brigade and tell them location and nature of hazard. Wear breathing apparatus plus protective gloves in the event of a fire.
Fire/Explosion Hazard: Combustible.
Slight fire hazard when exposed to heat or flame.
Combustion products include: carbon monoxide (CO), carbon dioxide (CO_2), other pyrolysis products typical of burning organic material.

Section 6 Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures:

See Section 8

6.2 Environmental Precautions:

See Section 12

6.3 Methods and material for Containment and Cleaning up: Minor spills: Remove all ignition sources. Clean up all spills immediately.
Major spills: Clear area of personnel and move upwind. Alert Fire Brigade and tell them location and nature of hazard.

6.4 Reference to other sections: Personal Protection Equipment advice is contained in Section 8 of the SDS.

6.5 Additional information: Not applicable.

Eye/face protection:
Safety glasses with side shields; chemical goggles.

Hands/feet protection:
Wear chemical protective gloves, e.g. PVC. Wear safety footwear or safety gumboots, e.g. Rubber.
NOTE: The material may product skin sensitization in predisposed individuals. Care must be taken, when removing gloves and protective equipment, to avoid all possible skin contact.

Body protection:
See other protection below
