

COSHH Risk Assessment

JANGRO GRAFFITI OFF BRICK (500 ml)

Product Code: BG160-50

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged in 12 x 500 ml metal, aerosol, pressurised canister sprays. Delivered in single units if required. Product is ready to use.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the covering cap is secure at all times.	Transfer containers to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
STORAGE			
Store in a cool dry place away from all sources of heat including direct sunlight.	Extremely flammable. Fire or high temperatures create Carbon Dioxide (CO ₂) and Carbon Monoxide (CO). Minimal risk of spillage if caps are firmly in place. Caps are not child proof.	Pressurised canister – therefore there is a risk of explosion if involved in a fire or if punctured. Store away from all sources of heat including direct sunlight. Lids are not child proof.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure that containers are not split or blown.
USAGE			
Product is applied directly onto graffiti. Read label for instructions.	Risk of eye contact. Risk of skin contact. Risk of inhalation.	Handle the containers with care. Wear Personal Protective Equipment. Keep away from heat, sparks and open flames. Do not spray onto naked flames or incandescent materials. Always read the manufacturer's instructions prior to use. Ensure that all spillages are wiped up immediately.	Provide employees with PPE as follows: <ul style="list-style-type: none">ProtectiveSafety glasses Ensure that operatives are aware of location of First Aid facilities.
DISPOSAL			
Empty canisters can be disposed of as normal waste. Recycle all containers wherever facilities are available.	Risk of skin or eye contact. Risk of contamination with other substances.	Do not puncture or incinerate even when empty because of explosion hazard. Dispose of in accordance with local authority.	Ensure that all operatives wear Personal Protective Equipment at all times during disposal.
