

COSHH Risk Assessment

JANGRO GRAFFITI OFF BRICK (5 litre)

Product Code: BG160-5

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged in 5 litre polythene containers in a cardboard carton. Delivered in single containers if required. Product is ready to use.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is secure at all times.	Transfer containers to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
STORAGE			
Store in tightly closed original container in a cool, dry well ventilated place. Keep in original container.	Fire or high temperatures create Carbon Dioxide (CO2) and Carbon Monoxide (CO) – product itself is not classed as flammable. Minimal risk of spillage if caps are firmly in place. Caps are not child proof.	Keep containers in secure storage areas. Restrict access to storage areas to authorised personnel.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure that containers are not split or blown.
USAGE			
Product is applied directly onto graffiti. Read label for instructions.	Risk of eye contact. Risk of skin contact. Risk of ingestion. Risk of spillage onto floor and into drainage system.	Handle the containers with care. Wear Personal Protective Equipment. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use. Ensure that all spillages are wiped up immediately.	Provide employees with PPE as follows: • Protective gloves • Safety goggles Ensure that operatives are aware of location of First Aid facilities.
DISPOSAL			
Empty containers must be rinsed thoroughly and disposed of as normal waste. Dispose of waste in accordance with local authority requirements. Recycle all containers wherever facilities are available.	Risk of skin or eye contact. Risk of contamination with other substances.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the product is exhausted before disposal. Ensure that the product is not disposed of via a rainwater sewer (i.e. drain outside the building).	Ensure that all operatives wear Personal Protective Equipment at all times during disposal.
